

# Storage Tank Cleaning & Removal

## **Client – Exxon Mobile & Shell (UK) Ltd**

### **Project – National Frame Work Tank Cleaning Contracts**

This Exxon Mobile 5 year frame work contract commenced following a lengthy procurement and audit process. The contact involves the periodic maintenance and cleaning of bulk fuel storage tanks, some with a capacity of up to 20,000,000 litres within all Exxon Mobil's fuel terminals through out the U.K.

The Shell (UK) term contract involves the periodic maintenance and cleaning of Shells A1 Jet Aviation fuel storage tanks at Gatwick and Luton airports.
